WORTH A GUINEA A BOX.
BEECHAM'S PILLS
Are admitted by thousands to be worth above a guinea a box for bilious and nervous disorders, such as sick and sour stomach, sick headache, giddiness, fullness after meals, dizziness and drowsiness arising from indigestion, costiveness or confirmed constipation, wind and cholic, flatulency, spasms, sick headache, and all nervous and trembling sensations, &c. The first dose will give relief in twenty minutes. This is no fiction, for they have done it in thousands of cases.
Full directions are given with boxes stating clearly the proper time to take them to insure a perfect cure. Few have any idea of the number of disorders to which the human frame is subject, and consequently how many pills are taken by mistake, and how many cases are made worse by unsuitable remedies. Nine-tenths of the diseases of females arise from a disordered stomach, and a few doses of BEECHAM'S PILLS will prove to them that they are the best remedy in the world for all disorders of the digestive organs. Their secret action on the system is marvellous, and their mildness and purity render them perfectly safe to take by any one at any time without confinement or change of diet. Thousands of females have recovered their health by their use, who had been pining away for years under the combined evils of indigestion and debility, and who had paid fruitlessly large fees to physicians without receiving any benefit.
Prepared only by Dr. BEECHAM, St. Helens, Lancashire, and sold by all druggists and medicine vendors in the United Kingdom, in boxes at 1s. 1½d. and 2s. 9d. each, or will be sent by post for 30 or 33 stamps. Full directions are given with each box.
